California Energy Commission

California's Energy Oversight

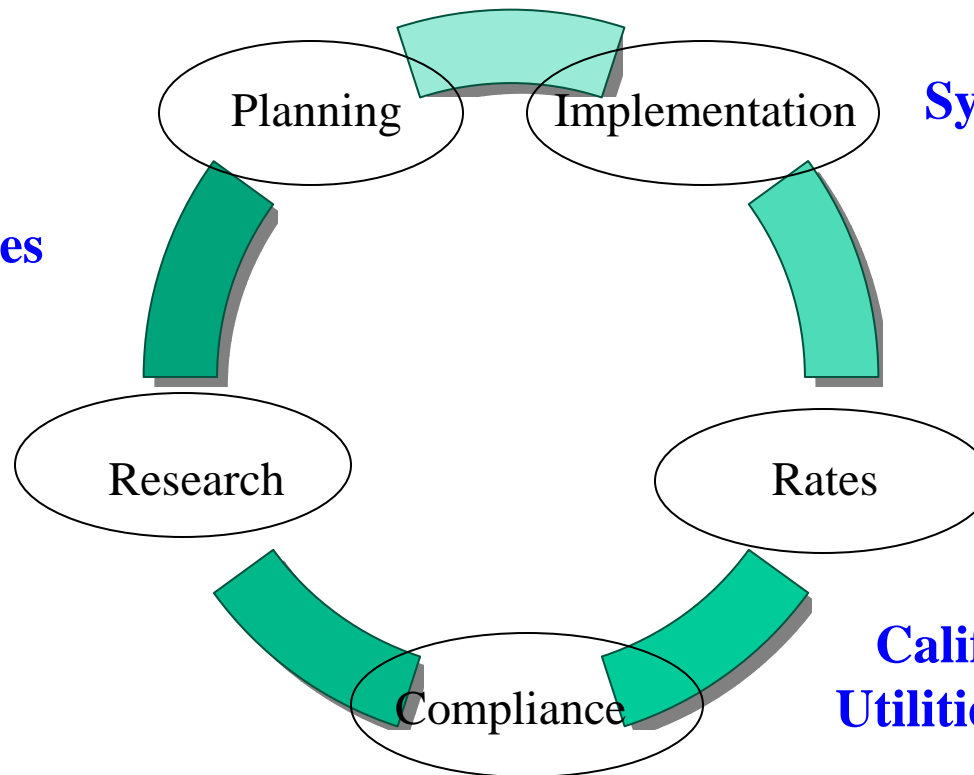

California Energy Commission

**California
Independent
System Operator**

Local Agencies

**Publicly
Owned
Utilities**

**California Public
Utilities Commission**

California Energy Commission

- W-A requires a balance of many competing interests
- Decision-makers are a diverse representation of stakeholders
- Programs of both mandates and incentives
- Analytical and decision-making processes are open and transparent

Funding Sources

- Fairly stable & multiple sources
- Surcharges are use-based
- Special funds – not the General Fund
- Many are continually appropriated

California Energy Commission
